# KILLYLEAGH SHOW PHOTOGRAPHY POLICY

## PLEASE READ

We are very proud of our show and love to show it off through photographs taken on the day by our visitors and competitors.

Please be aware that as competitors and attendees of our show your photograph may be taken on the day. These photographs may be shared by the show committee on our **Facebook** page, **Twitter** feed or within the Gallery section of our **website**. We will only show those photographs that we feel are appropriate and highlight the family-orientated aspect of our show and the calibre of our competitors.

If we use your photograph and you are not happy with it being shown, please contact us on [killyleaghshow@hotmail.com](mailto:killyleaghshow@hotmail.com) and we will remove it for you.

Alternatively, if we have used your picture and you would like yourself or your horse/pony to be identified please let us know and we will happily add a legend to your image.

The Killyleagh Show Committee takes the welfare of your child very seriously and will never use any image deemed inappropriate. All photographs submitted for publication such as a newspaper will only be done with appropriate consent.
